Kartenportal.ch - a treasure box for maps

You are looking for cultural, political, vegetational or whatever kind of data but you can't provide any bibliographic data? Use Kartenportal.CH: It will allow you with the help of MapRank geosearch interface to find the data in the local catalogs. This Coffee Lecture will briefly show you the search functions and the way MapRank is collecting its data.

Highlights of the new PubMed

Since Mid May 2020, PubMed has a new look and a modified search functionality: the NEW PubMed. This coffee lecture will highlight some of the changes in the appearance, but also how your search query is processed differently. You will learn how you can easily save and export your search results and set up e-mail alerts.

Lean Library: Easy Access to scientific literature

In this coffee lecture we would like to introduce you to a new tool, which gives you a much easier access to articles or e-books without using VPN. The extension recognizes alternative, legal routes to full-text. It also allows you to search for a term on a website in Rechercheportal with two clicks..

Gary Seitz, HBZ
